NOTICE

We Need The Money

We have a number of small accounts scattered around the community and they are of such a nature that we know it would not be a hardship on you, or asking too much, to have you make a settlement.

It may seem a trifle to you, too small an item to worry about, but to us they loom up when there are so many of them, amounting to several hundred dollars. Drop in and let's talk it over. Yours
Kennedy Drug Co.

The report of the Kirriemuir Red Cross, for July and August, will appear next week.

Note and Comment

Report No. 10 of the Canadian Record of Performance for Pure-bred Dairy Cattle constitutes a hand book that dairy-men can hardly do without. It contains the rules and regulations governing the records of performance; the standards for registration; the records of performance of all pure-bred dairy cattle in the country; convenient summaries of reports; exact details of the records achieved and the addresses of the owners. A record of the cows that have produced sufficient milk and fat to qualify but have failed to freshen within fifteen months after the commencement of the test; a list of bulls open to registration and an index to the owners. The whole forms a valuable and concise book of dairy records that can be had free on application to the Publications Branch, Department of Agriculture, Ottawa.
